

renders this rejection inapplicable. Applicant does however disclose more pertinent prior art, in the attached supplemental IDS. Applicant amends the application to distinguish Applicant's invention from this more pertinent prior art reference.

In the Drawings:

Examiner objected to Figure 4a, block numbers 140, 134, 26, 121, and 260', and Figure 4b, block numbers 20, 22, 254 and 350 wherein the Examiner claimed that they should be labeled. Applicant attaches replacement Figures 4a and 4b having such labelled blocks. The corrections are informal. Further, the specification has been amended, below, to define the above labels where the definition is not otherwise obvious.

In the Specification:

RECEIVED

FEB - 8 1999

Group 2700

Please amend the specification as follows:

- OK
A/E>
- On page 1, move first paragraph to a new position immediately before "Background of the Invention".
 - On page 7, line 12, insert --("EU") immediately after the word "units".
 - On page 7, line 13, insert --("DU") immediately after the word "units".
 - On page 7, line 1, insert --("ND") immediately after the first occurrence of the word "device".

Further, a more legible substitute specification is provide herewith.

In the Claims:

Please amend the claims as follows:
